

Application / Mooring Renter Information Sheet

FOR OFFICE USE ONLY

Buoy No. _____	Move-in date _____
Identification # _____	Verified by _____
Date check received _____	Check # or MO # _____

San Diego Mooring waitlist approval includes boat approval via current color photograph, credit approval, proof of documentation/registration, and a non-refundable application fee. This process will ensure the vessel applicant that they will be added to the San Diego Mooring Rental Wait List. Should the applicant be accepted, the application fee will be applied to the applicant's mooring deposit. The credit report will be reconfirmed if more than six (6) months old prior to vessel arrival. Please note we do not accept wooden or concrete vessels. All vessels 25 years and older require a pre-purchase survey. LIVEBOARDS ARE NOT PERMITTED ON MOORINGS.

This Application / Buoy Renter sheet is a required part of your Wharfage Contract with the San Diego Mooring Co. Please supply all the requested information. If there are any changes in any or all of the information contained herein, you are required to notify the Mooring Office within 10 days of the date such changes become effective.

Mooring area requested _____ A-1 Shelter Island · A-2 America's Cup Harbor · A-3 Laurel Street · A-4 Bay Bridge Roadstead

Personal Information — all vessel owners must be on the application

OWNER 1

Name _____ Social Security _____

Required documents — with this application or before mooring rental

Vessel registration or documentation

A copy of the current vessel registration/documentation is required prior to approval of this application and yearly at renewal. All persons named on the registration/documentation must be on the application and sign the final Wharfage Contract.

Certificate of Insurance

Listing San Diego Mooring Co. and Port of San Diego as ADDITIONAL INSURED; required prior to rental and yearly at insurance renewal for as long as the vessel is moored. Must show: Combined Single Limit Liability coverage of \$500,000.00 or more; Oil Spill and Pollution Liability on the Declaration page; San Diego Mooring Co. & Port of San Diego named as additional insured; the boat identified on the Declaration page (make, year, hull or CF #s).

Current color photograph of the vessel

Required prior to approval. All vessels are subject to the marina manager's inspection and approval.

Application fee (non-refundable)

Upon receipt of the application, a request for payment will be emailed.

Vessel safety inspection / survey

Required upon arrival and yearly; survey if the vessel is over 25 years old.

Proof of residency

One government-issued ID, two utility bills, and lease agreement/mortgage statement. Required upon submittal of the application and annually with the vessel safety inspection.

The information on this application is true to the best of my knowledge. I hereby authorize the person to whom this application is delivered, or their agents, to verify the above information and to obtain a report on my/our consumer and/or business creditworthiness.

Application and Mooring Buoy Assignment Procedures

All persons requesting a mooring buoy must submit an application for the mooring area requested. Applications may be submitted for any of the following mooring areas: A-1 (Shelter Island); A-2 (America's Cup Harbor); A-3 (Laurel Street); and A-4 (Bay Bridge Roadstead). A non-refundable application fee must be submitted; this fee shall go towards the initial security deposit. Applications may be mailed to the San Diego Mooring Company (SDMC) office at 4980 N. Harbor Dr., Ste 101, San Diego, CA 92106, or delivered to such address.

Upon approval of an application, the applicant will be placed on the wait list chronologically according to the date received. A separate list is maintained for each mooring area. A vacant mooring will be offered to the person highest on the list for that size mooring, and then, if refused, in sequence to the next listed applicant. SDMC will notify applicants by email or mail of the availability of a vacant mooring. A mooring permit must be executed within ten (10) working days of notification by payment of applicable fees and deposits. If no response is received within ten (10) days of the notice, the applicant will be removed from the waiting list and a notice will be mailed to the next listed applicant. SDMC will not be held responsible for non-delivery of a notice mailed through the U.S. Postal Service. To receive a mooring assignment, the execution of a Mooring Permit is required. In addition, verification of ownership, verification of registration, inspection for seaworthiness, sanitary facilities, waste containers, safety inspection, and all information on the application will be verified by mooring office personnel. This inspection may be scheduled any time two (2) months prior to the estimated date of buoy availability, but must be completed no later than ten (10) working days after notification of buoy availability.

It is the applicant's responsibility to inform the SDMC of any changes in application information including vessel information, mailing address and telephone number. If a vessel change occurs, the SDMC must be notified. Applicants in America's Cup Harbor (A-2) are placed into three categories according to size: 19'-30', over 30' up to 54', and over 54' up to 64' (total LOA including bowsprits, davits, swim platforms, etc.). If the applicant changes vessels and the new vessel falls into a different size category, a new application must be submitted and a new waiting list number assigned; the application fee for the previous application will be forfeited.

Permit Extension

Permit extension may be allowed if the account is, and has been, in good standing with the SDMC. Yearly vessel inspection and current registration/documentation is required for permit extension.

Transferring to a Different Mooring Area

Permittees who wish to transfer to a new mooring area may submit an application for the desired area at any time. When the Permittee's application reaches the top of the waiting list for the new mooring area, that Permittee will have ten (10) working days to execute a new mooring permit and transfer his/her vessel to the new mooring area.

PLEASE NOTE: all applicants and permittees may only keep one active application on file at any time. If an applicant or permittee has one application on file and chooses to submit an additional application, the original application will be cancelled and the application fee forfeited.

Mooring Regulation Requirements

Regulations are contained in the San Diego Unified Port District Code, section 4.08. In part, the regulations require that:

1. No more than one (1) permit shall be issued to any owner, master, operator or person in legal control and custody of one (1) or more vessels.
2. Proof of vessel ownership shall be presented upon application for a mooring permit. If a vessel is being purchased, proof of ownership can be provided within 60 days. If you wish to apply without owning a vessel, ownership must be provided, and the application updated with all owners, upon purchase and before final approval.
